

Environmental Policy Statement

The core activity of MTB (Midlands) Ltd is to provide waste water disposal services for a wide range of industrial processes. The company operates a state of the art ultra-filtration plant capable of treating oily wastes and emulsions to a very high standard. This process provides environmental benefits over traditional chemical treatment more widely used throughout the UK.

MTB appreciates it has a responsibility to the principals of sustainability and environmental awareness. It also recognises the social and economic importance of protecting the environment; that its commitment to this must encompass all activities and that it should be prepared to lead by example in promoting a sensitive, considered attitude to the environment. Our approach to managing our environmental issues is to be fully compliant with applicable legal and regulatory requirements and to the principles detailed in ISO 14001:2015.

Aims & Objectives

- MTB is committed to preventing pollution and reducing any harmful impact of its operations on the local and wider environment.
- MTB will comply with all relevant environmental legislation that applies to the company.
- MTB will measure its impact on the environment and set objectives for continual improvement.
- MTB will raise staff awareness of environmental issues and enlist their support to improve the company's performance.
- MTB will encourage its suppliers and customers to adopt similar principals.
- MTB will commit to minimising energy, waste and water usage and encourage sound environmental practice as an integral part of the company's corporate strategy.
- MTB will consider all environmental aspects and their potential impacts for existing, revised and/or new operations.
- MTB will establish the needs and expectations of all interested parties and consider the best way of meeting them.

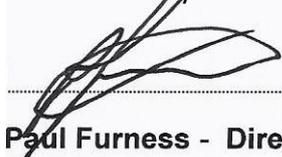

Responsibility

The Directors have overall and final responsibility for the Environmental Policy with top management authorised to coordination, implement and monitor the policy throughout the organisation.

Copies of the Environmental Policy are made available to all members of staff, are displayed on company notice boards and made publically available to other interested parties via the internet. Copies of the minutes of Management reviews or extracts thereof are provided to individual members of staff according to their roles and responsibilities as a means of communicating the effectiveness of the EMS.

This Environmental Policy is reviewed annually to ensure its continuing suitability.
