### PRODUCERS DECLARATION

We confirm that when a sample is provided for analysis, that it is a true and representative sample of the waste stream we are inviting MTB (Midlands) Ltd to quote for the collection and safe disposal of. If at any time following the provision of this sample and/or this Waste Specification Form, our production/waste producing process changes, then we undertake to inform MTB (Midlands) Ltd and to provide a new representative sample and/or Waste Declaration Form for re-evaluation. Additionally, we confirm that the potential constituents of the waste material as detailed above have been completed accurately, truly and to the best of our knowledge.
